G009

Bill Sirmon
LGPH

G009

- What is it?

G009

- What is it?
  - The system the AF uses to track repair parts
  - The way the CRT knows what is going on with the repair effort
  - The system to track GFM used in the repair process

G009

- Definitions
  - Scheduling In
    - SIQ
    - G009
    - H075C

G009

- Definitions
  - AWP
  - Taking Production

G009

- What does the G009 tell us about the status of the repair?
  - Receipt
  - Induction
  - Completion
  - Shipping
  - Condemnations

G009

- What does the G009 tell us about GFM?
  - GFM Information
    - Transfers from one contract to another
    - $ value of material received by contractor
    - $ value of material returned to SOS
    - $ value of material issued to line
    - $ value of GFM on hand at contractor's facility by NSN

G009

- What is the job of the CRT?

G009

- What is the job of the CRT?
  - To sell repaired parts back to the user

G009

- Why is it important for PK to enforce the G009 requirement on the contract?
  - HQ Directive to provide accurate and timely visibility of assets.
    - G009 was designated as that vehicle.
  - Contractual requirement: WR pays for service—should get money's worth

G009

- Why is it important for PK to enforce the G009 requirement on the contract?
  - G009 gives the IM/PMS/ES/Program Managers accurate picture of production health of specific contracts.
    - G009 feeds production data to G072D—converts to revenue for Center.
    - Inaccurate or non-reporting distorts revenue health.

G009

- Why is it important for PK to enforce the G009 requirement on the contract?
  - G009 gives IM/PMS/ES/Program Managers LGPC-1 accurate picture of material expenses for certain contracts.
  - G009 feeds material usage to G072D—converts to material expenses for Center.
  - G009 feeds material usage to D035.
  - Inaccurate or non-reporting distorts expense budget forecasting.

G009

- Why is it important for PK to enforce the G009 requirement on the contract?
  - Financial integrity of DMAG program is dependant on collection of “cash” for services performed. It is imperative that production, which results in billings to customer, be accomplished timely to recover expenses of paying contractor.

G009

- This is really big and affects production and revenue projections that get reported to HQ/Air Staff/Congress.
- It is Imperative that it be kept accurate and current.
